TABULAM RACES

Can everyone please let Dean know numbers for the Tabulam Races (5th Nov) so we can organize our sites. It's pretty basic. You camp in the middle of the race track with toilets and showers nearby <http://tabulamraces.org/>

Heaps for the kids to do through the day with the kids club and the track is in the bend of the Clarence River so it's good for a swim or a bath if you don't want to brave the showers. We do need numbers from the club ASAP please

The event at Evans Head was a huge success. Even though only a small number shown up to represent the Super 8's we managed to take out the Team Event. Thanks to those who attended the event. Well Done
