

GOLD COAST MALIBU CLUB

**Newsletter 5
May 2010**

Next Club Round: This Sunday the 16th of May 2010.
We will meet at the **FLAT ROCK Carpark TUGUN**, all will be
reviled so read on....

NEWS FROM LAST ROUND:

Sorry folks, I do not have any news from last round as I was away with the dredged lurgy, but if anyone has anything detailing last months meet they would like me to forward on to other members I would gladly pass it on. From all reports the surf was cracking out the front of Cooli beach.

OTHER NEWS:

IMPORTANT

As previously stated we will be meeting at the Flat Rock Carpark at Tugun, why I hear you ask? Well my dear friend Super 8s has been asked to help raise money for the Heart Foundation. So the Heart Foundation in conjunction with the John Flynn Hospital is holding a Team's Challenge at Flat Rock on Sunday. There will be two teams with everyone surfing their twenty minute heat, all manner of craft are welcome, yes even shortboards, the heats will be drawn up so that shortboard compete against shortboard and longboards against longboards etc. This will be our club meet for this month with points contributing to your on going points tally. Cost for the day will be \$20 with each participant receiving a feed and a competitor's t-shirt. Super 8s has always been extremely successful in the past at helping raise money for various causes so I'm sure we'll see you all down at Flat Rock on Sunday keen to get amongst it.

Also Saturday Night for those of you, who have been hiding under a rock, at the Kirra Sports Club we will be having our Dance Night.

If you are going to take advantage of the Dinner Specials that the Kirra Sports Club has offered us could you please let Jacko know so the Sports Club can be prepared, basically we have a chose of three different meals for \$10

1. Grilled Fish
2. Chicken Schnitzel
3. Roast Beef

All served with salad and chips or if you would prefer vegetables.

The plan is that Dancing will start at about 7:30 or should I say Gary and Debbie will start trying to teach those of us with two left feet to dance at 7:30

The most important thing is to come along and have fun and not to forget if you are not there I will come around to your home or place of work and pull your arm off and beat you with it (allegedly)!!!

Up coming Comps:

May

Byron Bay
Agnes Water
Crescent Head

June

Alex Heads
Wrecks and Relics - Noosa
Wintersun Old Mal Rally

July

Scotts Head

Don't forget to pick up your club rashies from Jacko if you had returned them for repairs.

It's great to hear more people are contacting Jacko and coming down to have a surf with us, so let's get behind them and encourage them, just remember club rounds are a great way to learn about competitive surfing

Hopefully I have attached the Alex Heads Entries for this year event

The Last Word Rant:

What is the world coming to, recently, over the Labour Day long weekend in QLD I went for a quiet surf at Rainbow, I know that was my first mistake. I was sitting in the water doing not a great deal, as there were more people in the water than flies on a ... you get the picture, when I noticed this pelican sitting down the line a little taking up space, none of this is new I hear you say because there a heaps of people on any given day at

Rainbow sitting in the line up doing nothing but being a nuisance. Well my friends this was the grand-poo-bar of Drongoes, this goose had a mobile phone wrapped in a plastic bag and duct taped to his arm, now how important is this bloke? There is only one person

I can think of who would think that being in the water with a mobile phone is a good idea, and lets be frank they weren't around when Mr Holt went for a swim. Sadly, I have noticed since starting my own business that a mobile phone is an important tool to have but people, these damn things have infiltrated every part of our lives, is nothing sacred any more? You hear them at restaurants, the movies, in meetings, the classroom and even the sanctity of the toilets, all these things I have put up with, but in the surf, that is going too far, what the hell is wrong with society!

So if you ever see this bloke with questionable parentage and dubious sexual orientation in the surf please get his number so we can all text him the directions to a part of his body which should have a water tight seal and suggest that may be the ideal spot for him to stick his mobile phone....

Do you think this was a little harsh?

Nar, me neither, seriously, who would surf with a bloody mobile phone, surfing is the last great escape from all the hustle and bustle of the modern world and all that goes with it, just you, your board and natures gifts, we should all kept it special for as long as we can and if these people can't get it, well, I think it was Dora who said

“If you don't surf don't start”

The Super 8's Scribe Dean ☺
